2. That producer shall prepare pharmaceutical grade marijuana products for distribution to the marijuana pharmacies licensed by the board.
3. Marijuana products from any other source shall be deemed misbranded and/or adulterated and shall not be distributed to any marijuana pharmacy, nor may such misbranded and/or adulterated products be dispensed by any marijuana pharmacy.

B. Laboratory Testing.

2. A producer shall make available each such batch at the production facility for testing by a laboratory approved by LDAF. The laboratory employee shall select a random sample from each batch. The laboratory shall test each sample for microbiological contaminants, mycotoxins, heavy metals, pesticide chemical residue, residual solvents, homogeneity, and for the purpose of conducting an active ingredient analysis.
3. From the time that a batch of marijuana has been homogenized for sample testing and eventual packaging and sale to a pharmacy until the laboratory provides the results from its tests and analyses, the producer shall segregate and withhold from use the entire batch with the exception of the samples removed by the laboratory for testing. During this period of segregation, the producer shall maintain the marijuana batch in a secure, cool and dry location so as to prevent the marijuana from becoming contaminated or losing its efficacy. Under no circumstances shall a producer include marijuana in a marijuana product or sell it to a pharmacy prior to the time the laboratory has completed its testing and analysis and provided those results, in written or electronic form, to the producer or the producer's designated employee.
4. The laboratory shall immediately return or dispose of any marijuana upon the completion of any testing, use, or research. When the laboratory disposes of marijuana, the laboratory shall comply with the marijuana disposal rules promulgated by LDAF.
5. In the event a sample of marijuana does not pass the microbiological, mycotoxin, heavy metal, pesticide chemical residue, residual solvent, or homogeneity test based on the standards set forth in this Section, the producer shall dispose of the entire batch from which the sample was taken, in compliance with the marijuana disposal rules promulgated by LDAF.
 - a. With respect to the microbiological test, a marijuana sample shall be deemed to have passed if it satisfies the standards set forth in *Chapter 1111 – Microbiological Examination of Nonsterile Products: Acceptance Criteria for Pharmaceutical Preparations and Substances for Pharmaceutical Use* of the *United States Pharmacopeia (USP)*, available at www.usp.org.

 - ii. Aflatoxin B2 < 20 ppb;
 - iii. Aflatoxin G1 < 20 ppb;
 - iv. Aflatoxin G2 < 20 ppb; and

 - iv. Toluene < 1 ppm;
 - v. Hexanes < 10 ppm; and

The maximum variance permitted is fifteen percent from the labeled amount. For example, a product labeled as containing 10 milligrams of tetrahydrocannabinol (THC) shall contain no less than 8.5 milligrams THC and no more than 11.5 milligram THC.
 - i. THC (tetrahydrocannabinol);
 - ii. THCA (tetrahydrocannabinolic acid);
 - iii. CBD (cannabidiol); and
 - iv. CBDA (cannabidiolic acid).
6. If a sample of marijuana passes the microbiological, mycotoxin, heavy metal, pesticide chemical residue, residual solvent, and homogeneity tests, the laboratory shall release the entire batch for immediate manufacturing, packaging, and labeling for sale to a marijuana pharmacy.
 7. In the event of any test failure, the laboratory shall transmit to LDAF an electronic copy of such test result at the same time it transmits those results to the producer.
 8. The laboratory shall comply with all rules applicable to the testing of marijuana promulgated by LDAF.
 9. A producer shall provide the laboratory test results to the marijuana pharmacy for each batch of marijuana used in a product acquired by the marijuana pharmacy. The pharmacy shall make such testing results available upon request to their patients, caregivers, and physicians who recommended such marijuana products dispensed to their patients.

- D. Packaging and Labeling Requirements.
 - 1. Packaging.
 - a. The producer shall ensure every product intended for dispensing to a patient is placed within a child-resistant, light-resistant, tamper-evident container prior to sale or transport to the pharmacy.
 - i. A package shall be deemed child-resistant if it satisfies the standard for 'special packaging' as set forth in the United States Consumer Product Safety Commission's *Poison Prevention Packaging* as found in 16 CFR 1700.1(b)(4) or its successor.

§2445. Marijuana pharmacy permit

- A. The board shall develop and configure a pharmacy permit designated as a marijuana pharmacy permit.
- B. The dispensing of marijuana for therapeutic purposes shall be restricted to those pharmacies holding a marijuana pharmacy permit issued by the board, and only when that permit is in active or restricted status.

- C. When issued to a successful applicant, the permit will authorize the operation of a marijuana pharmacy in compliance with the provisions of this Subchapter.
- D. When the permit is issued, it shall be valid only for the owner and the specific location noted on the application and recorded on the permit.
- E. A marijuana pharmacy permit is non-transferable from one owner to another owner, and moreover, in the event the ownership of the organization that acquired the permit changes by fifty percent or more, then the ownership will be deemed sufficiently different as to require a new marijuana pharmacy permit. A marijuana pharmacy permit owner continuing to operate a marijuana pharmacy after its ownership has changed by fifty percent or more without obtaining a new marijuana pharmacy permit shall be deemed guilty of operating a pharmacy without a valid permit, in violation of R.S. 37:1221.
- F. Although a change of ownership of less than fifty percent shall not require a new pharmacy permit, any proposed change of ownership shall require prior notice to the board, and further, approval by the board.
- G. The board shall not have more than ten active marijuana pharmacy permits at any given time. To facilitate compliance with that legislative restriction, the board recognizes the nine regions previously declared by the Department of Health, to wit:
 - 1. *Metropolitan*, composed of the parishes of Jefferson, Orleans, Plaquemines, and St. Bernard;
 - 2. *Capitol*, composed of the parishes of Ascension, East Baton Rouge, East Feliciana, Iberville, Pointe Coupee, West Baton Rouge, and West Feliciana;
 - 3. *Teche*, composed of the parishes of Assumption, Lafourche, St. Charles, St. James, St. John, St. Mary, and Terrebonne;
 - 4. *Acadian*, composed of the parishes of Acadia, Evangeline, Iberia, Lafayette, St. Landry, St. Martin, and Vermilion;
 - 5. *Southwest*, composed of the parishes of Allen, Beauregard, Calcasieu, Cameron, and Jefferson Davis;
 - 6. *Central*, composed of the parishes of Avoyelles, Catahoula, Concordia, Grant, LaSalle, Rapides, Vernon, and Winn;
 - 7. *Northwest*, composed of the parishes of Bienville, Bossier, Caddo, Claiborne, DeSoto, Natchitoches, Red River, Sabine, and Webster;
 - 8. *Northeast*, composed of the parishes of Caldwell, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union, and West Carroll; and
 - 9. *Southeast*, composed of the parishes of Livingston, St. Helena, St. Tammany, Tangipahoa, and Washington.
- H. To achieve an equitable distribution of the marijuana pharmacy permits across the state, the board shall reserve one marijuana pharmacy permit for each of the nine regions identified above. In the event the board is convinced of the need for a second permit in one region, it may issue that permit following the procedures identified in this Subchapter. Further expansion will require a legislative amendment of the original restriction.
- I. When the board is prepared to receive and process applications for and issue marijuana pharmacy permits, it shall publish on its internet web site, and in such other places as the board deems appropriate, a notice to that effect. Such notice shall include, but not be limited to:
 - 1. The maximum number of permits to be awarded;
 - 2. Information on how to obtain an application;
 - 3. The deadline for receipt of applications;
 - 4. Acceptable methods for submitting an application;
 - 5. The preferred locations, if any, for the marijuana pharmacy permits; and
 - 6. The criteria that shall be considered in awarding the marijuana pharmacy permits.
- J. Following the deadline for receipt of applications, the board shall evaluate each complete and timely submitted application and award marijuana pharmacy permits on a competitive basis based on the criteria set out in the notice for applications. In the event the board determines there are an insufficient number of qualified applicants to award all of the marijuana pharmacy permits the board has determined are desirable, the board may republish, in accordance with this section, a notice of open applications for marijuana pharmacy permits.
- K. The board shall have the right to amend the notice of open applications prior to the deadline for submitting an application. Such amended notice shall be published in the same manner as the original notice of open applications.
- L. The board shall have the right to cancel a notice of open applications prior to the award of a marijuana pharmacy permit.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES

In accordance with Section 953 of Title 49 of the Louisiana Revised Statutes, there is hereby submitted a fiscal and economic impact statement on the rule proposed for adoption, repeal or amendment:

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS
(Summary)

The estimated implementation costs to the Louisiana Board of Pharmacy are approximately \$5,000 (\$2,500 in FY 17 and \$2,500 in FY 18) for the notice and rule publication costs. There are no estimated implementation savings to the state or local government units through promulgation of the proposed rule change. The proposed rule establishes standards for the testing, labeling, and packaging of marijuana products, and for the dispensing of those products in pharmacies licensed by the Board. Any additional costs to the Board of Pharmacy associated with inspections are anticipated to be absorbed using current resources.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS
(Summary)

The anticipated revenue collections by the Board of Pharmacy from marijuana permits is \$1,750 per year. The proposed rule states no more than ten marijuana pharmacy permits can be active at any given time. The credential renewal fees for a pharmacy total \$175 per pharmacy per year, therefore, the Board estimates a maximum receipt of approximately \$1,750 per year. To the extent these marijuana pharmacies are required to pay sales taxes or municipal licensing fees, there may be an indeterminable amount of sales tax revenue and municipal licensing fees collected by governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS (Summary)

The persons directly affected by the proposed rule are those persons/businesses selected to open and operate a marijuana pharmacy. The security requirements for these marijuana pharmacies have been enhanced compared to other pharmacies. However, the minimum facility square foot requirement for marijuana pharmacies can be less than the 300 square foot requirement that governs other pharmacies. Any cost associated with these requirements will have to be absorbed by the persons/businesses.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

Since marijuana products may only be dispensed in specially licensed pharmacies, those pharmacies will not be in competition with other pharmacies. To the extent the marijuana pharmacy hires personnel to administer and staff its operations, there may be a positive impact on the local employment rate.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES

The following information is required in order to assist the Legislative Fiscal Office in its review of the fiscal and economic impact statement and to assist the appropriate legislative oversight subcommittee in its deliberation on the proposed rule.

- A. Provide a brief summary of the content of the rule (if proposed for adoption, or repeal) or a brief summary of the change in the rule (if proposed for amendment). Attach a copy of the notice of intent and a copy of the rule proposed for initial adoption or repeal (or, in the case of a rule change, copies of both the current and proposed rules with amended portions indicated).

The Board proposes to adopt a new subchapter of rules to establish standards for the licensing and regulation of a new classification of pharmacy permits, marijuana pharmacies. These pharmacies will be limited in number and will be the only places where marijuana products can be dispensed. A copy of the proposed rule is appended.

- B. Summarize the circumstances that require this action. If the Action is required by federal regulation, attach a copy of the applicable regulation.

The proposed rule was developed by the Board in reply to Act 261 of the 2015 Legislature and Act 96 of the 2016 Legislature. That legislation authorized the establishment of a statewide program for medical marijuana. The Board was charged with developing standards for the testing, packaging, and labeling of marijuana products as well as for the dispensing of those products in specially licensed pharmacies. Copies of both legislative acts are appended.

- C. Compliance with Act 11 of the 1986 First Extraordinary Session:

- (1) Will the proposed rule change result in any increase in the expenditure of funds? If so, specify amount and source of funding.

The Board anticipates an expenditure of approximately \$5,000 for the printing of the proposed and final rules. Those funds are budgeted and available from self-generated agency funds.

- (2) If the answer to (1) above is yes, has the Legislature specifically appropriated the funds necessary for the associated expenditure increase?

(a) ___ Yes. If yes, attach documentation.

(b) X No. If no, provide justification as to why this rule change should be published at this time.

The Board operates totally on self-generated funds.

- D. Compliance with Act 820 of the 2008 Regular Session

- (1) An identification and estimate of the number of small businesses subject to the proposed rule.

Given the criteria in the statutory definition of "small businesses", we are unable to specifically identify small businesses because the Board does not collect information from pharmacies concerning the number of employees or any information on sales, net worth, or other financial data. To the extent that all of the pharmacies licensed by the Board may meet the statutory definition of a small business, there will be a maximum of ten marijuana pharmacies licensed by the Board.

- (2) The projected reporting, record keeping, and other administrative costs required for compliance with the proposed rule, including the type of professional skills necessary for preparation of the report or record.

The proposed rule contains the standard types of reporting and record keeping applicable to all pharmacies.

- (3) A statement of the probable effect on impacted small businesses.

The proposed rule may have a favorable impact on small businesses, by the simplification of certain minimum physical specifications applicable to all other types of pharmacy permits.

- (4) A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed rule.

There are no alternative methods for achieving the purpose of the proposed rule.

FISCAL AND ECONOMIC IMPACT STATEMENT
WORKSHEET

I. A. COSTS OR SAVINGS TO STATE AGENCIES RESULTING FROM THE ACTION PROPOSED

1. What is the anticipated increase (decrease) in costs to implement the proposed action?

<u>COSTS</u>	<u>FY 16-17</u>	<u>FY 17-18</u>	<u>FY 18-19</u>
PERSONAL SERVICES	\$ 0	\$ 0	\$ 0
OPERATING EXPENSES	\$ 2,500	\$ 2,500	\$ 0

TOTAL	\$ 2,500	\$ 2,500	\$ 0
POSITIONS (#)	0	0	0

2. Provide a narrative explanation of the costs or savings shown in "A.1", including the increase or reduction in workload or additional paperwork (number of new forms, additional documentation, etc.) anticipated as a result of the implementation of the proposed action. Describe all data, assumptions, and methods used in calculating these costs.

The Board has allocated \$2,500 each for the printing of the Notice of Intent and the Final Rule, the former in FY 17 and the latter in FY 18.

3. Sources of funding for implementing the proposed rule or rule change.

<u>SOURCE</u>	<u>FY 16-17</u>	<u>FY 17-18</u>	<u>FY 18-19</u>
STATE GENERAL FUND	\$ 0	\$ 0	\$ 0
AGENCY SELF-GENERATED	\$ 2,500	\$ 2,500	\$ 0
DEDICATED	\$ 0	\$ 0	\$ 0
FEDERAL FUNDS	\$ 0	\$ 0	\$ 0
OTHER (Specify)	\$ 0	\$ 0	\$ 0
TOTAL	\$ 2,500	\$ 2,500	\$ 0

4. Does your agency currently have sufficient funds to implement the proposed action? If not, how and when do you anticipate obtaining such funds?

The Board has sufficient funds budgeted and available to complete the rulemaking project.

B. COST SAVINGS TO LOCAL GOVERNMENTAL UNITS RESULTING FROM THE ACTION PROPOSED

1. Provide an estimate of the anticipated impact of the proposed action on local governmental units, including adjustments in workload and paperwork requirements. Describe all data, assumptions and methods used in calculating this impact.

2. Indicate the source of funding of the local governmental unit that will be affected by these costs or savings.

There will be no cost savings for local governmental units resulting from the proposed rule.

II. EFFECT ON REVENUE COLLECTIONS OF STATE AND LOCAL GOVERNMENTAL UNITS

A. What increase (decrease) in revenues can be anticipated from the proposed action?

<u>SOURCE</u>	<u>FY 16-17</u>	<u>FY 17-18</u>	<u>FY 18-19</u>
STATE GENERAL FUND	\$ 0	SEE BELOW	SEE BELOW
AGENCY SELF-GENERATED	\$ 0	\$ 1,750	\$ 1,750
DEDICATED FUNDS	\$ 0	\$ 0	\$ 0
FEDERAL FUNDS	\$ 0	\$ 0	\$ 0
LOCAL FUNDS	\$ 0	SEE BELOW	SEE BELOW
TOTAL	\$ 0	\$ 1,750	\$ 1,750

B. Provide a narrative explanation of each increase or decrease in revenues shown in "A". Describe all data, assumptions, and methods used in calculating these increases or decreases.

The annual renewal fees for a pharmacy totals \$175. Since there can only be ten such permits in the state, the Board anticipates maximum revenues of \$1,750 per year from the proposed rule. To the extent that local or state taxing authorities levy assessments payable by the marijuana pharmacies, there may be increased revenues to those agencies.

III. COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NON-GOVERNMENTAL GROUPS

- A. What persons or non-governmental groups would be directly affected by the proposed action? For each, provide an estimate and a narrative description of any effect on costs, including workload adjustments and additional paperwork (number of new forms, additional documentation, etc.), they may have to incur as a result of the proposed action.

The persons directly affected by the proposed rule are those persons selected to open and operate a marijuana pharmacy. Since these pharmacies can only dispense marijuana products and no other drug products, the minimum physical specifications required for all other pharmacies have been reduced. However, the security requirements have been enhanced compared to most pharmacies.

Also provide an estimate and a narrative description of any impact on receipts and/or income (revenue) resulting from this rule or rule change to these groups.

To the extent the marijuana pharmacies are able to sell marijuana products to their customers, they should have increased receipts and revenue.

IV. EFFECTS ON COMPETITION AND EMPLOYMENT

Identify and provide estimates of the impact of the proposed action on competition and employment in the public and private sectors. Include a summary of any data, assumptions and methods used in making these estimates.

Since marijuana products may only be dispensed in specially licensed pharmacies, those pharmacies will not be in competition with other pharmacies. To the extent the marijuana pharmacy hires personnel to administer and staff its operations, there may be a positive impact on the local employment rate.
