§2519. Prescription Refills; Medication Synchronization and Refill Consolidation

A. ...

B. Refill Requests. Prescription refills authorized by the prescriber shall not be dispensed in the absence of a patient or caregiver’s request or approval.

~~B. C.~~ Controlled Dangerous Substances.

1. The refilling of a prescription for a drug listed in Schedule II is prohibited.

2. A prescription for a drug listed in Schedule III, IV, or V may be refilled up to five times, if so indicated at the time issued.

~~C. D.~~ Medication Synchronization and Refill Consolidation. These terms refer to a service which a pharmacist may perform for his patient, at the request of the patient, wherein he may proactively adjust the medication dispensing quantity and/or the refill schedule of a prescription in order to manage the patient’s medication therapy, with the goal of improved medication adherence by the patient.

1. For the performance of this service, the pharmacist may adjust the dispensing quantity and/or the refill schedule originally ordered by the prescriber; however, the pharmacist shall not exceed the total quantity prescribed [dispensing quantity multiplied by the total number of fills authorized (original plus refills)], or what is otherwise allowed by law.

2. With respect to prescriptions for controlled substances where refills have been authorized, pharmacists may utilize partial fills, as described in §2747.C.5 of the board’s rules, but may not exceed the dispensing quantity noted on the original prescription.
