Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy

Notices

- Chapter 11 of the Board's rules enumerates the minimum requirements for pharmacies and prescription departments, and Chapter 23 identifies the additional requirements for nonresident or out-of-state pharmacies. All of our laws and rules may be accessed on our website, at www.pharmacy.la.gov.
- We encourage you to type your entries on the application. If you choose to print, please do so legibly using blue or black ink. Do not use pencil. Applications completed in pencil, or those with illegible entries, shall be returned to the applicant's designated contact person.
- Please do not re-format the application to accommodate your entries. Applications reformatted from the posted version shall be returned to the applicant's designated contact person.
- Please do not use entries such as "See attached"; an appropriate entry shall be made in each section. Incomplete applications shall be returned to the applicant's designated contact person.
- Blank applications may be copied as needed; please use standard copy paper. Applications completed or reproduced on thermal or waxy paper will not be accepted, and they shall be returned to the applicant's designated contact person.
- We encourage you to review your application and attachments prior to submission to the Board. Our experience shows the most common reason to return an application is for incomplete documents. This will only delay the processing of your application.
- The application shall be submitted to the Board office, at the address noted hereinabove, at least thirty (30) days prior to the anticipated opening date of the new pharmacy or the ownership transfer.
- Upon receipt of your properly completed application, we will forward criminal background check (CBC) materials to the owner's managing officer, the pharmacist-in-charge, as well as any owner(s) identified as holding 5% or more share of the business. We must review the CBC reports from the La. State Police and FBI before issuing the permit; our historical experience for CBC report production and transmission to the Board is 6-8 weeks.
- Your application and fee will be valid for up to one year after the date of its receipt at the Board office. If the permit has not been issued by that date, the application shall be voided and all fees attached thereto shall be forfeited.
- Pharmacy permits expire at midnight on December 31 of every calendar year, regardless of the date of issuance. Pharmacies may not operate with expired permits.
- The pharmacist-in-charge (PIC) of a Louisiana pharmacy permit shall possess an active Louisiana pharmacist license as well as an unrestricted Louisiana PIC privilege. An application received without the Louisiana pharmacist license number of the PIC shall be returned.

- For those pharmacies engaging in the compounding of medications, you should be aware the Louisiana Board of Pharmacy requires compliance with current federal standards applicable to all compounding activities (USP Chapter 797 for sterile preparations and USP Chapter 795 for non-sterile preparations). Pharmacies electing to engage in such activities for the benefit of Louisiana residents shall demonstrate their compliance with current federal standards by the attachment of appropriate documentation to their application. The Louisiana Board of Pharmacy utilizes the Universal Inspection Form (NABP) for its inspections of in-state compounding pharmacies. If the inspection form offered by the nonresident pharmacy is not of equal or greater level of detail for the documentation of compliance with federal standards, the Board may not accept it, which would result in an incomplete application. In that event, the pharmacy will need to obtain an inspection from the resident board of pharmacy using the universal (or similar) form, or in the alternative, from NABP's Verified Pharmacy Practice (VPP) program.
- Beginning with the January 1, 2018 renewal, all pharmacies licensed by the Board (in-state and nonresident) will need to demonstrate a contemporary satisfactory inspection, the evidence of which will be an inspection form dated less than two years prior to the date of the renewal application.
