## Product Order Form – Pharmacist’s Silver Certificate

Instructions:

- 1 – Please complete form online before printing it.
- 2 – Mail completed form and **\$100** fee (check or money order, payable to Louisiana Board of Pharmacy) to the address noted above.

Notes:

- Although suitable for public display, the silver certificate is not your actual license to practice pharmacy.
- The original name of licensure (as identified on your original application for the license) is printed on the silver certificate; that name can never be changed. However, subsequent name changes are reflected on the annual license renewals.
- Following its production by Board staff, your original certificate will be individually signed by each of the board members. Since the Board only meets quarterly during the year, the preparation of your certificate may require a few months, depending on when we receive this order form.
- When your silver certificate is ready, we will send it to your mailing address of record. Please make sure you file proper notice in the event your mailing address should ever change.
- In the event your silver certificate is ever damaged or lost, you may order a duplicate using the order form for that purpose. Product order forms are available on the Board’s website, at [www.pharmacy.la.gov](http://www.pharmacy.la.gov), at the *Forms & Applications* link.
