- (1) Has completed a military program of training, been awarded a military occupational specialty, and performed in that specialty at a level that is substantially equivalent to or exceeds the requirements for licensure, certification, or registration of the professional or occupational licensing board for which the applicant is seeking licensure, certification, or registration in this state.
  - (2) Has engaged in the active practice of the occupation for which the person is seeking a license, certification, or permit from the board.
  - (3) Has not been disciplined in any jurisdiction for an act that would have constituted grounds for refusal, suspension, or revocation of a license to practice that occupation in this state at the time the act was committed.
- B. Notwithstanding any other provision of law, a professional or occupational licensing board shall issue a license, certification, or registration to a military-trained applicant to allow the applicant to lawfully practice an occupation in this state if, upon application to a professional or occupational licensing board, the applicant holds a current license, certification, or registration from another jurisdiction and that jurisdiction's requirements for licensure, certification, or registration are substantially equivalent to or exceed the requirements for licensure, certification, or registration in this state.
- C. Notwithstanding any other provision of law, a professional or occupational licensing board shall issue a license, certification, or registration to a military spouse to allow the military spouse to lawfully practice the military spouse's occupation in this state if, upon application to a professional or occupational licensing board, the military spouse satisfies all of the following conditions:

The military-trained applicant or military spouse may practice under the temporary permit until a license, certification, or registration is granted or until a notice to deny a license, certification, or registration is issued in accordance with rules that shall be promulgated by the applicable professional or licensing board. Each professional and occupational licensing board shall adopt rules in accordance with the Administrative Procedure Act for the issuance of a temporary practice permit and such rules shall ensure the public health and safety.
