[Editorial Note: Act 96 of 2016 Legislature, as well as subsequent acts amending this act, contain information not printed here. In particular, Section 2 of Act 96 contains alternative amendments that will only become effective if, and when, the United States Drug Enforcement Administration reclassifies marijuana from a Schedule I drug to a Schedule II drug. The primary difference is the use of the term "recommend" vs "prescribe"; Section 2 uses the term "prescribe", which would only be appropriate when the drug is reclassified to Schedule II. If and when that reclassification occurs, we will update the *Louisiana Pharmacy Law Book* with the language from Section 2 of Act 96 of the 2016 Legislature, as subsequently amended.]
