## Title 46 – Professional and Occupational Standards

### Part LIII: Pharmacists

#### §521. Prescription Orders to Administer Medications

- A. Purpose. The rules of this Section describe the minimum requirements for the administration of medications to patients by Louisiana-licensed pharmacists.
- B. A licensed pharmacist may administer medication directly to a patient upon the prescription or order of a practitioner. Such a prescription or order shall be known as an “Authority to Administer.”
  - 1. An Authority to Administer is valid only for the pharmacist meeting the requirements herein and is not transferable.
  - 2. An Authority to Administer, once granted, is valid for a period of time not to exceed six months, unless revoked sooner by the practitioner granting the order.
- C. A properly executed Authority to Administer shall:
  - 1. identify the licensed practitioner’s name, office address, and telephone number;
  - 2. bear the patient’s name, address, gender, and date of birth;
  - 3. identify the medication, dose, and route of administration;
  - 4. identify the pharmacist authorized to administer the medication; and
  - 5. bear the date of the original order and the date of any authorized subsequent dose administrations.
- D. Requirements. Unless otherwise specifically authorized by the board, a pharmacist shall meet the following minimum standards to qualify for an Authority to Administer:
  - 1. obtain and maintain a license to practice pharmacy from the board;
  - 2. successfully complete a board-approved course of study from a board-approved provider that:
    - a. requires documentation by the pharmacist of current certification in the American Heart Association’s Basic Cardiac Life Support for Healthcare Providers, its successor, or board-approved equivalent;
    - b. is an evidence-based didactic course that meets current Centers for Disease Control and Prevention (CDC) training guidelines, or other guidelines as designated by the board, and provides a minimum of twenty hours of instruction and experiential training in the following content areas:
      - i. standards for medication administration practices;
      - ii. basic immunology;
      - iii. recommended medication administration schedules;
      - iv. vaccine storage and management;
      - v. informed consent;
      - vi. physiology and techniques for medication administration;
      - vii. pre- and post-administration assessment and counseling;
      - viii. medication administration record management; and
      - ix. management of adverse events, including identification and appropriate response, as well as documentation and reporting; and
    - c. provides documentation of the successful completion of the course to the participant.
      - i. The pharmacist shall display the certificate of completion in the primary practice site.
      - ii. The pharmacist shall submit a copy of said certificate to the board office for placement in the pharmacist’s permanent file.
- E. The pharmacist shall maintain continuing competency to accept an Authority to Administer, as evidenced by:
  - 1. a current certification by the American Heart Association’s Basic Cardiac Life Support for Healthcare Providers, its successor, or board-approved equivalent; and
  - 2. successful completion of at least one hour of continuing education per year related to this area of practice.
- F. Vaccines. The pharmacist shall maintain and furnish the following information to the practitioner within twenty-four hours of the administration:
  - 1. name and address of the patient;

2. age of the patient, if under fourteen years of age;
  3. name of the patient's primary care physician as provided by the patient or patient's agent;
  4. name, manufacturer, and lot number of the vaccine administered;
  5. amount administered;
  6. date of vaccine administration;
  7. site of vaccine administration;
  8. route of administration; and
  9. name, address, and telephone number of the pharmacist administering the vaccine.
- G. A pharmacist certified to administer medications may train a pharmacy intern to administer medication, provided the pharmacy intern meets the same educational requirements and minimum standards identified in Subsections D.2 and E of this Section. The intern shall be under the direct and immediate supervision of the certified pharmacist at all times during such training activities.
