Regulatory Proposal 2022-A ~ Marijuana Pharmacies

75	1.	store all marijuana in an approved safe or vault, as defined in this Subchapter, and in such a manner as to
76		prevent diversion, theft, or loss;
77	2.	maintain all marijuana in a secure area or location accessible only to specifically authorized employees,
78		which shall include only the minimum number of employees essential for efficient operation;
79	3.	not permit any person less than 18 years of age to enter the prescription department, with the exception of
80		patients being counseled by the pharmacist;
81	4.	keep all approved safes and vaults securely locked and protected from entry, except for the actual time
82		required to remove or replace marijuana, provided that during hours of operation the pharmacist-in-charge
83		may authorize the placement of a limited quantity of dispensing stock outside such safes or vaults but
84		within the secure prescription department.
85	5.	keep all locks and security equipment in good working order;
86	6.	not allow keys to be left in the locks and not store or place keys in a location accessible to persons other
87		than specifically authorized employees;
88	7.	not allow other security measures, such as combination numbers, passwords or electronic or biometric
89		security systems, to be accessible to persons other than specifically authorized employees;
90	8.	keep the pharmacy securely locked and protected from entry by unauthorized employees;
91	9.	keep the outside perimeter of the pharmacy premises well-lit; and
92	10.	post a sign at all entry ways into any area of the pharmacy containing marijuana, including a room with an
93		approved safe or vault, which sign shall be a minimum of twelve inches in height and twelve inches in
94		width which shall state: "Do Not Enter - Limited Access Area - Access Limited to Authorized Employees
95		Only" in lettering no smaller than ¹ / ₂ inch in height.
