Re: **Report No. 2 of 3** for Regulatory Project 2023-03 (Summary Report) ~ Pharmacy Benefit Managers

Dear Senator Cortez:

As we indicated in our first report to your office on February 3, 2023, the Board seeks to amend its rules relative to pharmacy benefit managers to remove the requirement for a pharmacy benefit manager applicant to include copies of governance documents and the standard generic contract template used by the applicant with the initial permit application. Additionally, the Board gives notice of its intent to repromulgate Chapter 30 in its entirety, as amended, due to Act 536 of the 2022 Regular Session which clarified legislative intent to mandate licensure of pharmacy benefit managers by the Board of Pharmacy.

Subsequent to the publication of our Notice of Intent in the February 2023 edition of the Louisiana Register, we conducted a public hearing on March 28 to receive comments and testimony on the proposed rules. We received one comment and a summary is attached with the Board's response. The Board subsequently determined no revisions were warranted. On June 7 we submitted the project to the Department of Justice's Occupational Licensing Review Program and are awaiting their approval. In connection with this regulatory project, you should find the following documents in this package:

- *Notice of Intent*, as published in the February 2023 edition of the Louisiana Register
- Record from the March 28, 2023 Public Hearing
- Full text of proposed rule, as intended for publication in the Louisiana Register

Subject to review by the Joint Legislative Oversight Committee on Health & Welfare, the Board proposes to publish the original proposed rules without amendment as a Rule in the September 20, 2023 edition of the Louisiana Register with an immediate effective date. If you have any questions about the enclosed information or our procedures, please contact me directly at jfontenot@pharmacy.la.gov or 225.925.6481.

Mr. Rieger commended the Board for taking this action which better aligns the Board's licensing procedures for PBMs in accord with Louisiana law. Mr. Rieger added, this very needed reform lessens the burden on applicants for PBM licenses. Mr. Rieger stated, secondarily, PCMA continues to have concerns about its members appearing before regulatory boards comprised of active market competitors which boards do not have any PBM appointees or designees, to this end he urged the Board to be mindful and cautious in its regulatory activities in this area. Mr. Rieger added, the Board had indicated it would go down this path and has done exactly what it said and they appreciate that and the lightened regulatory burden.
