

NOTICE OF INTENT

Department of Health Board of Pharmacy

DATA-Waiver Registration Elimination (LAC 46:LIII.2745)

In accordance with the provisions of the Administrative Procedure Act (R.S. 49:950 et seq.) and the Pharmacy Practice Act (R.S. 37:1161 et seq.), the Board of Pharmacy hereby gives notice of its intent to amend §2745 of its rules relative to prescriptions. The proposed Rule change eliminates certain requirements concerning prescriptions of Schedule III, IV, or V controlled substances for detoxification or maintenance treatment. Previously, practitioners were required under federal law to obtain a special identification number from the DEA prior to prescribing or dispensing these drugs, or were required to submit a written notice of intent to obtain such a number. LBP rules currently require that such prescriptions be accompanied by this identification number or written notice. The proposed Rule change eliminates this requirement because federal law no longer requires practitioners to obtain this identification number. The proposed Rule change also corrects the Code of Federal Regulations (CFR) reference for exemption of registration for certain military personnel engaged in certain controlled substance activities.
