Board Member Nomination Election (26-01-821)

Appointments of members to the Board are made in accordance with Louisiana Revised Statute (RS) 37:1175, which provides that whenever a vacancy occurs among the members representing one of the eight pharmacy districts, the pharmacists who are bona fide residents of the district in which the vacancy occurs shall nominate from among their number a representative to the Board. Whenever that vacancy occurs due to an expiring term, the nomination shall be made by mail at least 60 days in advance of the expiration date.

The Board's secretary is responsible for mailing a ballot by United States mail to each pharmacist holding an active license and residing in the district in which the vacancy will occur, at the last known address indicated in the Board's records. The pharmacist may participate in the nomination election by recording the name of their pharmacist nominee on the ballot, completing the signature slip, and mailing both items to the Board office in the manner indicated on the ballot. The nominee may be any pharmacist holding an active license and residing in the district; there are no term limits for members of the Board. The ballot or another enclosed communication will state the date, time, and place for counting ballots. At a gathering open to the public, the secretary or one or more persons designated by the president will open and count the ballots. The secretary will then certify to the governor the names of the three nominees in each district receiving the highest number of votes. For each district in which the vacancy will occur, the governor may appoint one of those three nominees to the Board.

The terms of five current Board members will expire on June 30, 2026. The deadline for any address changes relative to this nomination election is February 27, 2026. The ballots with the necessary information will be

mailed to the pharmacists in the respective pharmacy districts on or around March 13, 2026. The deadline for the return of the ballots to the Board office will be April 10, 2026. The ballots will be opened and counted at the Board office on April 15, 2026; information about the exact time will be included with the ballots.

District information is included for the following Board member terms that will expire on June 30, 2026:

- **Jacqueline L. Hall**, from New Orleans, LA (District 2, composed of the parishes of Orleans, Plaquemines, and St Bernard)
- **David A. Darce**, from St Martinville, LA (District 3, composed of the parishes of Ascension, Assumption, Iberia, Iberville, Lafourche, St Charles, St James, St John the Baptist, St Martin, St Mary, Terrebonne, and West Baton Rouge)

New Rules (26-01-822)

The Board completed the rulemaking process for Regulatory Project 2025-03 - Pharmacy Technician Certificate Qualifications with publication of the final rule in the October 20, 2025 edition of the *Louisiana Register*, with an immediate effective date. In response to Act 253 of the 2024 Louisiana Legislature, the amended rule removes the practice requirement placed upon a pharmacy technician applicant from another state and recognizes the exception provided by the act regarding the examination requirement.

The Board completed the rulemaking process for Regulatory Project 2025-05 - Nonresident Pharmacy with publication of the final rule in the October 20, 2025 edition of the *Louisiana Register*, with an immediate effective date. The amended rule reduces the minimum experience requirement for a pharmacist to qualify for a

pharmacist-in-charge (PIC) privilege from two years of active pharmacy practice to one year to align with the PIC requirements in Chapter 11.

The Board completed the rulemaking process for Regulatory Project 2025-06 - Practitioner CDS License with publication of the final rule in the October 20, 2025 edition of the *Louisiana Register*, with an immediate effective date. The amended rule identifies the term “authorized clinicians” found in RS 40:1046(B) regarding the authorization to recommend medical marijuana to patients.

The Board distributed email notices regarding the progress of these regulatory projects in addition to maintaining the information on the [Regulatory Projects](#) page of the Board’s website. Please refer to this page to view the status and details of all projects.

Spotlight on Compliance (26-01-823)

The Board office has received reports from veterinarians that some pharmacies require a Drug Enforcement Administration (DEA) registration number for prescriptions involving non-controlled substances (CS). Many veterinarians do not conduct activities that necessitate DEA registration and, therefore, do not possess a DEA registration number.

In Louisiana, veterinarians prescribing non-CS are only required to hold a current, active license issued by the [Louisiana Board of Veterinary Medicine](#). A DEA registration number is not required.

In case the demand for a DEA registration number involves reporting to the Louisiana Prescription

Monitoring Program, the following guidance was developed for proper reporting of non-controlled “drugs of concern” (eg, gabapentin) in the absence of a prescriber DEA number:

- If the prescriber does not have a DEA number, leave the DEA field blank and report the prescriber’s National Provider Identifier (NPI) number. Please note, veterinarians do not possess NPI numbers.
- If the prescriber is a veterinarian without a DEA or NPI number, leave both fields blank and enter the veterinarian’s Louisiana Board of Veterinary Medicine license number in the state license field.
