Review of Program Operation

Joe Fontenot presented the Quarterly Report:

	1st Quarter 2009	2nd Quarter 2009	3rd Quarter 2009	4th Quarter 2009	Totals
Dispensers Granted Access	398	205	125	65	793

2009 Yearly Total					755

Of the 755 administrative requests 459 are from Louisiana State Police. Of that number, 94 arrests have been made.

Law enforcement enhancement is now in effect. It allows indirect access whereby law enforcement requests go through the PMP Program office where Mr. Fontenot reviews the request. A response is usually provided within 24 hours.

Unsolicited reports will be the PMP Program's next phase. Mr. Fontenot will review the PMP monitored information for potential doctor shoppers and follow up with correspondence to practitioner notifying the practitioner of any questionable activity.

Dr. Burdine stated his frustration at his unsuccessful attempts with his complaints to various regulatory and law enforcement agencies regarding those doctors involved in suspected doctor shopping. Ms. Elliott and Mr. Lajarza asked for those letters to be copied to the Louisiana State Board of Medical Examiners and DEA. Dr. Burdine concluded with expressed praise for the PMP Program.

Mr. Lajarza stated DEA has seen an increase in pharmacy burglaries recently which is probably due to a reduction in doctor shopping resulting from the PMP Program.

Mr. Fontenot concluded with a PMP report indicating the top 3 prescribed drugs by generic form 2009 to be: Hydrocodone, Alprazolam, and Ambien

Consideration of Legislative Proposal re Advisory Council Membership

Mr. Broussard presented the recommendation of the deletion of medical psychologists from the Advisory Council as a result of the recent Legislative modification granting the

Louisiana Board of Medical Examiners regulatory authority over the prescribing practices of medical psychologists. The Board of Pharmacy will consider the proposal at its February 3rd meeting.

Greg Waddell with Senator Mount's staff proffered her authorship of the bill.

Opportunity for Public Comment

Mr. Lajarza asked for reconsideration of exempting veterinarians from the practitioners subject to PMP reporting. Alan Clesi stated that recent investigations show a trend of veterinarians prescribing to humans as well as increased self-abuse by veterinarians.

The Counsel voted in favor of including veterinarians in the reporting requirements. The recommendation will be referred to the Board of Pharmacy at its February 3rd meeting.
